EDUCATOR Purchase Package Details

The **Educator** is a Universal Electrophysiological Biofeedback System. It coordinates a complex electro-modal, biofeedback program with computer software in order to gather bio-energetic information of a client's subconscious. The information is gathered from the body through electrodes in head and limb straps providing an accurate and precise picture of the client's general status. This information is selected and listed by the **Educator** in order of the highest reaction and the stressors are analyzed in the course of a stress management session
